

500 – 1000 MHz Coaxial Isolator, 2A2BC-ROHS

For test and measurement applications REC has designed an octave band isolator covering 500 to 1000 MHz in a simple package with less than 0.5 dB loss and minimum 20 dB isolation.

Features & Benefits

- Octave Band
- Low Loss
- High Isolation
- SMA F Connectors
- Test & Measurement Application
- High System Fidelity

Specifications

Frequency	500 – 1000 MHz
Insertion loss	0.5 dB Max
Isolation	20 dB Min
VSWR	1.25 : 1
Power	2W CW
Load	1 Watt
Size	5.00" x 5.00" x 1.18"
